

URA Visiting Scholar Awardees

Spring 2008

- Emanuela Barberis, Northeastern University
- Marcela Carena and Harry Cheung, Fermilab (group award organized for selected participants from URA member Universities)
- Benjamin Carls, University of Illinois at Urbana-Champaign
- Charles Cox and David Cox, University of California, Davis
- Andre De Gouvea, Northwestern University
- Richard Evans, University of Illinois at Urbana-Champaign
- Patrick Fox and Graham Kribs, University of Oregon, Fermilab (group award organized for selected participants from URA member Universities)
- Elvira Gamiz Sanchez, University of Illinois at Urbana-Champaign
- Davide Gerbaudo, Princeton University
- Igor Gorelov and Sally Seidel, University of New Mexico
- Michael Kordosky, College of William and Mary
- Marek Szymon Kos, Syracuse University
- Jeffrey Nelson, College of William and Mary
- Robert Shrock, State University of New York at Stony Brook
- Pavel Snopok, University of California, Riverside
- Marco Trovato, University of Pisa
- Shannon Zelitch, University of Virginia
- Guo Quan (Jack) Zhang, University of New Mexico

Fall 2008

- Dante Amidei, University of Michigan
- Durdana Balakishiyeva, University of Florida
- Patrick Fox, Peter Skands, and Benjamin Kilminster, Fermilab (group award organized for selected participants from URA member Universities)
- Cecilia Gerber, University of Illinois at Chicago
- Joseph Grange, University of Florida
- Zijn Guo, Johns Hopkins University
- Kristian Hahn, Massachusetts Institute of Technology
- Klaus Honscheid, Ohio State University
- Kevin McFarland, University of Rochester
- Kevin Pitts, University of Illinois at Urbana-Champaign
- Charles Plager, University of California, Los Angeles
- Michelle Prewitt, Rice University
- Aron Soha, University of California, Davis
- Igor Volobouev, Texas Tech University
- Jianchun Wang, Syracuse University
- Benjamin Ziemer, University of California, Irvine

Spring 2009

- Todd Adams, Florida State University
- Chris Bouchard, University of Illinois at Urbana-Champaign
- Steve Brice, Fermilab (group award organized for selected participants from URA member Universities)
- Warren Clarida, University of Iowa
- Bonnie Fleming, Yale University
- George Fleming, Yale University
- Cristiano Galbiati, Princeton University
- Joseph Haley, Princeton University
- Carley Kopecky, University of California, Davis
- Kevin McFarland, University of Rochester
- Heather Ray, University of Florida
- Bryon Roe, University of Michigan
- Alexei Safonov and James Pivarski, Texas A&M University
- Shalhout Zaki Shalhout, Wayne State University
- Pavel Snopok, University of California, Riverside
- Hongbo Zou, Illinois Institute of Technology

Fall 2009

- Elif Albayrak, University of Iowa
- Thomas Ferbel, University of Rochester
- Davide Gerbaudo, Princeton University
- Herold Gustafson, University of Michigan
- Andreas Kronfeld & Douglas Glenzinski, Fermilab (group award organized for selected participants from URA member Universities)
- Sabine Lammers, Indiana University
- Jiajie Ling, University of South Carolina
- Stephen Mrenna, Thomas Junk, & Wade Fischer, Fermilab (group award organized for selected participants from URA member Universities)
- Mehmet Oktay, University of Utah
- Thomas Phillips, Duke University
- Karolos Potamianos, Purdue University
- Paul Sheldon, Vanderbilt University
- John Strologas, University of New Mexico
- Xinchun Tian, University of South Carolina
- Nhan Tran, Johns Hopkins University
- Jianchun Wang, Syracuse University
- Peter Wittich, Cornell University
- Benjamin Ziemer, University of California, Irvine

Spring 2010

- John BackusMayes, University of Washington
- Durdana Balakishiyeva, University of Florida
- Christopher Bouchard, University of Illinois at Urbana-Champaign
- Brandon Eberly, University of Pittsburgh
- Andrew Eppig, University of Michigan
- Matthew Feickert, University of Illinois at Urbana-Champaign
- Wolfgang Lorenzon, University of Michigan
- Mark Matson, Wayne State University
- Kevin McFarland, University of Rochester
- Peter Meszaros, Pennsylvania State University
- Heather Ray, University of Florida
- Edwin Rogers, University of Illinois at Urbana-Champaign
- Halil Saka, Princeton University
- Federico Sforza, University of Pisa
- Dimitri Smirnov, University of Notre Dame
- Jon Thaler, University of Illinois at Urbana-Champaign
- Patricia Vahle, College of William and Mary
- Kai Yi, University of Iowa
- Yu Zeng, Duke University

Fall 2010

- Minerba Betancourt, University of Minnesota
- Saptaparna Bhattacharya, Brown University
- Suvadeep Bose, University of Nebraska–Lincoln
- Daping Du, University of Iowa
- Thomas Ferbel, University of Rochester
- Davide Gerbaudo, Princeton University
- Herold Gustafson, University of Michigan
- Timothy Harrington-Taber, University of Iowa
- Ulrich Heintz, Brown University
- Zeynep Isvan, University of Pittsburgh
- William Link, University of Illinois at Urbana-Champaign
- Ying Lu, University of Maryland
- Ryan Patterson, California Institute of Technology
- Harrison Prosper, Florida State University
- Michael Spannowsky, University of Oregon
- Marcello Vogel, University of New Mexico
- Sam Waldman, Massachusetts Institute of Technology

Spring 2011

- Adrian Buzatu, McGill University
- Eric Church, Yale University
- Simone Donati, University of Pisa
- Daping Du, University of Iowa
- Brandon Eberly, University of Pittsburgh
- Sowjanya Gollapinni, Wayne State University
- Ben Jones, Massachusetts Institute of Technology
- Ashutosh Kotwal & Yu Zeng, Duke University
- Keith Mattera, University of Illinois at Urbana-Champaign
- Yuri Oksuzian, University of Virginia
- Venkatesh Veeraraghavan, Florida State University
- Leah Welty-Rieger, Northwestern University
- William Wester & Todd Adams, Fermilab (group award organized for selected participants from URA member Universities)
- Thomas Wright, University of Michigan
- Mohammed Zakaria, University of Florida
- Chen Zhou, Duke University

Fall 2011

- Huajie Cao, Princeton University
- Jordan Damgov, Texas Tech University
- Wade Fisher, Michigan State University
- Heather Gerberich, University of Illinois at Urbana-Champaign
- Herold Gustafson, University of Michigan
- Ying Lu, University of Maryland
- Daniel Mihalcea, Northern Illinois University
- Masao Sako, University of Pennsylvania
- Tai Sakuma, Texas A&M University
- Silvia Scorza, Southern Methodist University
- Vaikunth Thukral, Texas A&M University
- Yu Zeng, Duke University

Spring 2012

- Cavanna & Palamara, Yale University
- Eric Church, Yale University
- Ranjan Dharmapalan, University of Alabama
- Patrick Fox, Fermilab (group award organized for selected participants from URA member Universities)
- Steve Geer, Fermilab (group award organized for selected participants from URA member Universities)
- Richard Gran, University of Minnesota
- Rahul Khanna, University of IL-Chicago
- Graham Kribs, University of Oregon
- Yuzhi Liu, University of Iowa
- Sanjib Mishra, University of South Carolina
- Ron Moore, Harvard University
- Robert Orr, University of Toronto
- Sertac Ozturk, University of Iowa
- Prabhakar Palni, University of New Mexico
- Eric Prebys, Fermilab (group award organized for selected participants from URA member Universities)
- Lee Roberts, Boston University
- Paul Slattery, University of Rochester
- Molly Swanson, Harvard University
- Runzhe Tao, University of IL-Chicago
- Robert Tschirhart, Fermilab (group award organized for selected participants from URA member Universities)
- William Wester, Fermilab (group award organized for selected participants from URA member Universities)
- Jonathon Wilson, University of Michigan
- Wie Xue, McGill University

Fall 2012

- Phillip Duder, Texas Tech University
- Alexey Ferapontov, Brown University
- Robert Hirowsky, University of Virginia
- Junting Huang, University of Texas - Austin
- Ioannis Katsanos, University of Nebraska-Lincoln
- Pramod Lamichhane, Wayne State University
- Qiuguang Liu, Purdue University
- Yuzhi Liu, University of Iowa
- Chris Quigg, Fermilab (group award organized for selected participants from URA member Universities)
- Carl Rosenfeld, University of South Carolina
- Willis Sakumoto, University of Rochester
- Paul Slattery, University of Rochester
- Rick Van Kooten, Indiana University
- Zukai Wang, University of Virginia
- Wenbo Xia, Southern Methodist University

Spring 2013

- Cavanna & Ornella, Yale University
- Yu Chen, Syracuse University
- Gabriel Collin, MIT
- Craig Dukes, University of Virginia
- Hongyue Duyang, University of South Carolina
- Aida El-Khadra, University of Illinois at Urbana-Champaign
- Eric Flumerfelt, University of Tennessee
- Elliot Hughes, Rutgers University
- Natalie Kautz, University of Chicago
- Edward Kearns, Boston University
- Ben Loeth, Michigan State University
- Sarah Malik, Rockefeller University
- Brian Mercurio, University of South Carolina
- Seongtae Park, University of Texas-Arlington
- Stephen Parke, Fermilab (group award organized for selected participants from URA member Universities)
- Kate Scholberg, Duke University
- Ritoban Basu Thakur, University of Illinois at Urbana-Champaign

Fall 2013

- Brian Batell, Fermilab (group award organized for selected participants from URA member Universities)
- Ben Carlson, Carnegie Mellon University
- Mary Anne Cummings, Northern Illinois University
- Zechariah Gelzer, University of Iowa
- Robert Hirowsky, University of Virginia
- Jim Kraus, University of Mississippi
- Alex Mott, California institute of Technology
- Chris Tully, Princeton University
- Anthony Villano, University of Minnesota
- Guoying Wu, Southern Methodist University
- Zhengyun You, University of California at Irvine

Spring 2014

- Jordon Adams, Florida State University
- Brian Beaudoin, University of Maryland
- Sam Bein, Florida State University
- Michelle Brochmann, University of Washington
- Rob Calkins, Southern Methodist University
- John Campbell & Richard Cavanaugh, Fermilab
- Flavio Cavanna & Ornella Palamara, Yale University
- Chia Cheng Chang, University of Illinois U/C
- Vala Fathipour, Northwestern University
- Reddy Gandrajula, University of Iowa
- Yuri Gershtein, Rutgers University
- Robert Group, Greg Snow & Lee Roberts, Fermilab
- Jeremy Hewes, University of Manchester
- Alex Himmel, Duke University
- Brittany Kamai, Vanderbilt University
- Sabato Leo, University of Illinois U/C
- Dawei Li, Northwestern University
- Po-Ju Lin, University of Colorado
- John LoSecco, University of Notre Dame
- Joe Lykken, Prateek Agrawal & Felix Yu, Fermilab
- Karie Melconian, Texas A&M University
- Alexy Petrov, Wayne State University
- Gianantonio Pezzullo, University of Pisa
- Junko Shigemitsu, Ohio State University
- Ion Stancu & Alex Laminak, University of Alabama
- Igor Volobouev, Texas Tech University
- Jon Wilson, Texas A&M University

Fall 2014

- David Caratelli, Columbia University
- Simone Donati, University of Pisa
- Paul Grannis, Stony Brook University
- Maksat Haytmuradov, University of Iowa
- David Kaleko, Columbia University
- Owen Long, University of California-Riverside
- Yannick Meurice, University of Iowa
- Aaron Meyer, University of Chicago
- Daniel Mihalcea, Northern Illinois University
- Meenakshi Narain, Bogdan Dobrescu, John Stupak, Christophe Grojean, Fermilab
- Anne Norrick, College of William & Mary
- Arka Santra, Florida State University
- Tian Xin, Iowa State University

Spring 2015

- Corey Adams, Yale University
- Samuel Bein, Florida State University
- Robin Bjorkquist, Cornell University
- Marcela Carena, Bogdan Dobrescu, Elisabetta Furlan, Fermilab
- Rui Chen, University of Manchester
- Hongyue Duyang, University of South Carolina
- Andrew Furmanski, University of Manchester
- Sudeshna Ganguly, University of Illinois at Urbana-Champaign
- Alejandro Garcia, University of Washington
- Zechariah Gelzer, University of Iowa
- James Gloudemans, University of Illinois at Urbana-Champaign
- Eva Halkiadakis, Rutgers University
- Leonidas Kalousis, Virginia Tech
- Chris Marshall, University of Rochester
- Adam Martin, University of Notre Dame
- Robert Murrells, University of Manchester
- Ryan Nichol, University College London
- Rachel Osofsky, University of Washington
- Daniele Pasciuto, University of Pisa
- Elena Pedreschi, University of Pisa
- Kevin Siehl, Wayne State University
- Nihan Sipahi, Colorado State University
- Taylan Sipahi, Colorado State University
- Matthias Smith, University of Washington
- Marcello Soares-Santos, William Charles Louis, William Lee, Fermilab
- Bradford Welliver, University of Florida
- Yuanyuan Zhang, University of Michigan
